GENERAL TERMS AND CONDITIONS OF PARTICIPATION

PREAMBLE

These general terms and conditions (hereinafter referred to as the "General Terms and Conditions") and the related special terms and conditions (hereinafter referred to as the "Special Terms and Conditions") are applicable to all exhibitors (hereinafter referred to as the "Client(s)") applying for admission to the Event.

The following terms have the meaning given to them:

- Event: the event for which the Client registers, as presented in the Special Terms and Conditions.
- Organiser: the company organising the Event, as presented in the Special Terms and Conditions.
- Site: the exhibition hall or the place hosting the Event, as presented in the Special Terms and Conditions.

1. ACCEPTANCE OF CONTRACT DOCUMENTATION

Within the context of its application form, the Client confirms having read through these Terms and Conditions, the Special Terms and Conditions, the General Rules for Commercial Events and, where available, any Specific Rules of the Event, as well as all the information concerning the details of the Client's participation in the Event, available in the "Practical Information" section of the Exhibitor Space which can be accessed from the Event's website (hereinafter Contractual Documents), and undertakes to accept all the clauses thereof, without reservation or restriction. The Contractual Documents and the Client's summary of participation form the participation pack (hereinafter referred to as the "Participation Pack"). Any admission to the Event entails the Client's complete acceptance of the Contractual Documents, except agreed otherwise between the Organiser and the Client. The Organiser reserves the right to modify the General or Special Terms and Conditions, or any of the Contractual Documents, without notice. Any changes hereto will be previously brought to the Client's attention. Modifications resulting from changes in the applicable regulations and/or relating to health and personal and/or property safety will have immediate effect, without the need to obtain any approval or sign any document on the subject. These modifications will be brought to the attention of the Clients without delay, without them being entitled to claim any compensation in relation to these amendments.

2. COMMITMENT - ADMISSION

Any application to the Event is strictly personal to the Client. Any application to the Event is subject to a prior examination by the Organiser who reserves the right to assess and verify, at its sole discretion, and without the following list being neither exhaustive nor compulsory:

- the creditworthiness of the applicant,
- the compatibility of the applicant's activities with the nomenclature of the Event,
- the match between the products or services offered by the applicant and the positioning of the Event,
- the neutrality of the message that the applicant could deliver in the context of the Event.

Any form of proselytism and/or militantism that could interfere with the smooth running of the Event is strictly prohibited.

Any application coming from those who remain indebted to the Organiser or any company from the Comexposium Group and/or in dispute with the Organiser or any company from the Comexposium Group will not be considered.

The Organiser will notify the Client of its decision (approval or rejection of the application) by electronic mail.

In the case of the Organiser's approval of the application to the Event, the Organiser and the Client will be definitely committed one to the other by means of a contract whose contents comprise the Client's application as approved by the Organiser and the Contractual Documents.

Consequently:

- the Organiser commits to provide the Client with a stand that matches the characteristics indicated by the Client in its application and to supply the additional services requested in that application, without prejudice to the provisions set out in Clause 11 below,
- the Client commits to pay the amounts indicated in its application and will comply with the Contractual Documents.

The services ordered by the Client and which the Organiser undertakes to provide are independent and divisible.

Except if the Client cancels its participation consequently to a modification of the General or Special Terms and Conditions or a modification of the dates and/or Site under the conditions, in the forms and within the time limit prescribed in article 3, the Client may not cancel its participation in the Event for any reason whatsoever, including in the case of a disagreement on the space allocated to it under the conditions of Clause 11 below.

In the event of rejection of the application, the Organiser will, where applicable, refund to the Client the amount corresponding to the first payment already made by the Client.

It is expressly specified that the Organiser reserves the right to reject any application as it sees fit and cannot be held liable for any damages.

The Organiser reserves the right not to consider applications submitted after the deadline for registration defined by the Organiser. After this date has passed, the Organiser no longer guarantees the availability of the proposed stands.

Finally, it is expressly specified that under no circumstances shall an admission to the Event oblige the Organiser to admit the Client to any future sessions of the Event or any other event of the Comexposium Group to which the Organiser belongs, and shall not confer upon the Client any booking rights or priorities.

2. BIS - «REBOOKING» SPECIFIC PROVISIONS

Clients who have sent to the Organiser their request to participate in the next edition of the Event during the rebooking period defined in the Special Terms and Conditions (hereinafter «First-registered Clients») will, in the event that their participation request is accepted by the Organiser, benefit from the following provisions:

- By way of derogation to the provisions of article 9 «Termination clause» below, First-registered Clients that cancel all or part of their participation by sending written notification to the Organiser during the rebooking period will not be liable for the payment of any sums related to their cancellation;

- By way of derogation to the provisions of article 5 «Payment terms» below, the first payment (deposit) will only be due at the end of the rebooking period

3- EVENT ORGANISATION TERMS

The Organiser determines and may modify the organisational arrangements of the Event. In particular, the Organiser determines the Site where the Event will be held, its opening and closing dates, its duration, the opening and closing hours of the Site where the Event will take place, the layouts of the Event, the schedule of events and the registration closing date.

The Organiser bears costs and incurs expenses prior to the holding of the Event (management of registrations, advertising and promotion of the Event, etc.).

In the event of cancellation of the Event other than in the cases referred to in articles 27 and 28 below, the Organiser will immediately notify the Clients by any written means and the sums received by the Organiser will be refunded to the Client.

In the event the Event is postponed to a later date and/or relocated to a different Site, other than in the cases referred to in articles 27 and 28 below, these changes shall be notified to the Client by any written means. Unless the Client cancels its application to participate by means of registered post with confirmation of delivery, sent to the Organiser within eight (8) days of the said notification, the new dates and/or new site hosting the Event are deemed to be accepted by the Client. The Organiser will retain the amount of the deposit and/or participation fees already paid by the Client for participation in the postponed Event and the Client remains liable to pay the full amount due in respect of his participation in the postponed Event in accordance with the payment terms as amended mutatis mutandis.

In the event of a modification of the General and/or Special Terms and Conditions which would not have immediate effect as set out in article 1, the Client will be notified of this change by any written means. Unless the Client cancels its application to participate by means of registered post with confirmation of delivery, sent to the Organiser within eight (8) days of the said notification, the Client will be considered as having accepted the amended version of the General and/or Special Terms and Conditions.

The Parties expressly agree that only substantial modifications concerning articles 1, 2, 3, 5, 9, 27 and 28 of these Terms and Conditions give the Client the right to cancel its participation in the Event within the following period of eight (8) days, it being specified that modifications concerning the duration of the Event and/or the procedures for opening and closing the Site do not give the Client the right to withdraw his request to participate.

4- INVOICING TERMS

All prices stated on the Organiser's documentation and on the Event's website are expressed in euros exclusive of taxes. In

accordance with the legislative and regulatory requirements that apply to these services, the value added tax at the current applicable rate will be added.

5- PAYMENT TERMS

Payment of contractually due amounts shall be made as they fall due and in the following manner, and subject to any contrary schedule in the application form:

- the first instalment (deposit): shall be due when the Participation Pack is sent by post or when the Client submits its online application, by cheque or bank transfer or, when the application is submitted online, by bank card or at any other date fixed by the Organiser and stated in the application form;
 - the second instalment (deposit): at the date fixed by the Organiser and stated in the application form;
 - the balance shall be paid no later than fifteen (15) days after the date of issue of the balancing invoice, by cheque or bank transfer. No discounts are available for early payment or payments on account.
- Registrations occurring less than thirty (30) days before the opening of the Event must be paid in full by the Client no more than eight (8) days after the date on which the corresponding invoice was sent to the Client.
- That time frame will be reduced to two (2) days if the Client registers fewer than eight (8) days before the Event opens, and in all instances, payment must be received by the Organiser at least two (2) days before the Event opens.
- All requests for an equipped stand submitted after registration of the Client shall be payable in full at the time of request.
- All amounts should be made payable to the Organiser and must be in euros

6- SECURE PAYMENT AND PROOF OF TRANSACTION FOR ONLINE APPLICATIONS

The Event website is protected by a secure payment system.

The Organiser has adopted the Worldline TLS encryption procedure, which encodes and protects confidential information.

Unless proven otherwise, data recorded by the Organiser shall constitute proof of all dealings between the Organiser and the Client. Data recorded by the payment system constitutes proof of the financial transactions.

7- LATE AND MISSED PAYMENTS

Any amounts that remain outstanding after the invoice payment date, will result in the automatic application of late payment interest equal to three times the statutory interest rate, starting from the day following the invoice due date.

If the payment deadlines set out in Clause 5 "Payment Terms" above are not respected, a fixed fee of €40 for debt recovery fees shall be charged by the Organiser in addition to the late payment penalties referred to above [Art. L441-3, L441-6 and D445-5 of the French Commercial Code]. This fixed fee does not preclude any other fees incurred by the Organiser in recovering unpaid invoices. Once a stand location has been allocated to a Client, the balance must be paid before the date stated on the invoice. Stands will only be made available to Clients once full payment has been received.

8- VAT

Clients from outside France can obtain a VAT refund as follows:

* For companies from European Union member countries:

- Submit the refund request via the appropriate online State portal where the Client is registered in accordance with the provisions of Directive 2008/9/CE of 12 February 2008. In France, this is the fiscal portal at www.impot.gouv.fr.
- A digital copy of the original invoices for all sums over €1,000 excl. tax must be submitted with the online refund request.
- The refund request must be submitted by 30 September of the calendar year that follows the refund period.

* For companies from countries outside the European Union:

The Clients concerned must appoint a tax representative in France to carry out all tax formalities.

9- TERMINATION CLAUSE - PENALTY CLAUSE

91 If the Client fails to pay any of the amounts it owes by the due date regardless of the reason, the contract binding it to the Organiser will be terminated seven (7) days after the Organiser has sent a formal notice expressly stating the terms of this Clause 91 to the Client by any written means, when the breach remains unresolved.

If the Client expresses the intention of cancelling its participation to the Event, regardless of the reason, the Organiser may implement this termination clause by sending it a formal notice to abandon the cancellation and confirm its participation within seven (7) days. That period of seven (7) days will begin on the date of the formal notice's notification to the Client.

The contract will automatically be terminated upon expiration of the above time frame, without the need for the Organiser to have the termination recorded by the courts, and the Organiser will immediately be free to dispose of the space allocated to the Client. In the event of termination of the contract in application of this clause, the Client remains liable to pay the Organiser the full price of its participation in the Event. Consequently, the amounts previously paid will definitively remain the property of the Organiser and any outstanding amounts will immediately fall due.

92 As an exception to the above, the contract between the Client and the Organiser will immediately be terminated as of right and without formal notice:

- if the Client does not occupy its stand by the day before the Event opens to the public, regardless of the reason, unless stipulated otherwise in the Special Terms and Conditions;
 - in the event of the Client's registration less than thirty (30) days before the Event opens, if the payment stipulated in Clause 5 of these Terms and Conditions is not made within the time frame set out in the said clause (either eight (8) days or two (2) after the invoice was sent and, in any case, at least two (2) days before the Event opens), regardless of the reason.
- In the cases mentioned in article 92, the consequences of termination will be the same as those provided by article 91.

10- INSURANCE

101. Civil liability:

The Organiser will not be responsible for any damage that the Client might cause to third parties, including the manager or the owner of the Site hosting the Event.

Consequently, the Client will, at least ten (10) days before the scheduled Event set-up date, take out insurance contracts with insurance companies certified to perform insurance transactions in France, covering the financial consequences of any liability that may be incumbent upon it for reasons of bodily harm or material or immaterial damage caused to third parties, including the manager and the owner of the Site, as a result of its activity during its participation in the Event, at the level of EUR 3,000,000 per loss (including during the set-up and break-down periods).

At the Organiser's first request, the Client will supply the corresponding current certificate from its insurer, stating the policies taken out, their total sums and their period of validity. Failing this, the Organiser reserves the right to refuse the Client's access to the Event, without compensation.

102. Tenant risk and Client's property

Furthermore, the Organiser will not be responsible for:

- property damage caused to the Site's manager and/or owner, affecting personal or real property, in the event of the occurrence of any of the following events: fire, lightning, explosion, water damage, terrorist attack or natural catastrophe.
- damage caused to property owned by the Client or placed in its care.

Consequently, in order to meet the requirements of the company managing the Site, the Organiser will automatically invoice the Client for the tenant risk / property damage insurance taken out by COMEXPOSIUM ASSURANCES, under the conditions set out in point 10.3 below.

As applicable, if the Client can provide proof of its subscription to a tenant risk policy by sending the "certificate of insurance" form to the Organiser at least ten (10) days before the Event's set-up begins, duly signed and bearing its insurance company's stamp and stating the benefits provided with a minimum of EUR3,000,000 per loss, the aforementioned tenant risk / property damage insurance will be cancelled and refunded in full, if already paid. By returning that certificate and requesting the cancellation and, if applicable, the refund of the amount invoiced by the Organiser in the name of tenant risk / property damage insurance, the Client will no longer receive either form of cover making up the Organiser's insurance policy.

10.3. Insurance provided by the Organiser:

a) Insurance covering tenant risk and the Client's property:

The insurance contract taken out by COMEXPOSIUM ASSURANCES on behalf of the Clients covers both:

- property damage caused to the Site's manager and/or owner, affecting personal or real property, in the event of the occurrence

GENERAL TERMS AND CONDITIONS OF PARTICIPATION

of any of the following events: fire, lightning, explosion, water damage, terrorist attack or natural catastrophe, up to EUR 3,000,000 per claim,

- damage to the Client's property.

The amount of cover is specified in the Insurance Rules appended to the application form and is also accessible on the Event website, subject to any changes to the insurance conditions.

By taking the insurance, as detailed in the said Insurance Rules, the Client is taking insurance with COMEXPOSIUM ASSURANCES, who is the subscriber.

b) Supplementary insurance cover for the Client's property:

The Client may also submit a request to the Organiser to subscribe to insurance for:

- property damage: additional insurance on top of the amounts covered by the principal policy with payment of a premium calculated on the additional capital value,
- plasma screens: a specific insurance policy must be taken out.

104. Waiver of all recourse

a) Against the Site manager and/or Site owner company:

Executing the commitments undertaken by the Organiser towards the Site manager and/or Site owner company the Client, by the mere fact of its participation, declares that it waives all recourse that it or its insurers may be entitled to make against these companies and their respective insurers for any damage covered by the tenant risk policy and for any direct or indirect losses the latter parties may cause to its property, equipment and fittings as well as any caused to that of its agents, and additionally for any operating losses and/or extra costs regardless of the cause, with the exception of malicious acts.

In addition, the Client declares it waives all recourse against the Site manager and/or Site owner companies and their respective insurers in the case of one of the following events occurring, with harm caused to the Client:

- fire damage, theft, water damage, damp or any other situation affecting its own property, with the Client being required to insure itself against these risks,
- abnormal actions by other Site occupants, their staff or suppliers, or visitors,
- interruption or inadvertent functioning of the water, gas or electricity supply, the air conditioning or other general system, the suspension or shut-down, even for an extended period, for a reason out of the control of the Site manager and/or Site owner companies of fluid systems including the automatic fire extinguisher network, heating and air conditioning systems, or any one of the equipment items shared by the Site,
- contamination of the heating, water or air conditioning networks for a reason out of the control of the Site manager and/or Site owner companies,
- security measures taken by the Site manager and/or Site owner companies and/or by any government authority, should these cause harm to the Client.

The Client undertakes to obtain the same waiver from its insurers.

b) Against the Organiser:

The Client also declares it waives all recourse that it or its insurers may be entitled to make against the Organiser and its insurers in regard to damage covered by the tenant risk policy and direct or indirect damage to its property, equipment and fittings may suffer as well as that of its agents, as well as for any operating losses and/or extra costs regardless of the cause, with the exception of malicious acts.

The Client undertakes to obtain the same waiver from its insurers.

It is further specified that, on the basis of reciprocity and excepting malicious acts, the Organiser and its insurer waive any claim against the Client and its insurer for damage affecting any property, equipment and fittings belonging to the Organiser and which the Client is responsible for. It is further specified that this waiver is not applicable for any loss or damage that may affect the Site's buildings, fittings and equipment owned by the Site manager and/or Site owner company and that has been given into the care of the Client.

11 - ALLOCATION OF STANDS

The Organiser will draw up an Event floor plan and allocate stand areas as applications are received, taking into account the Event's different sections. The Organiser will do its best to take into account the wishes expressed by the Clients and the nature of the products exhibited. So as to be able to do this, and taking into account the inherent constraints imposed in the placement of Clients, the Organiser reserves the right to modify the surface area requested by the Client, up to a maximum of 20%, and to modify the corresponding invoice accordingly, without this giving the Client the right to cancel its application. The Organiser alone can determine the general arrangement of the Event, as well as the arrangement of the stands at the Site.

Participation in previous events does not give the Client any special rights to stand locations.

Any complaints made by a Client about the allocation of stand areas should be addressed in writing to the Organiser within seven (7) days of receiving of the Event's floor plan. The Organiser will review such complaints if they are supported by detailed documentation that clearly sets out the serious nature of, and/or the reasons for, the complaint.

If the Client has not contacted the Organiser within seven (7) days of sending the features of the Client's location, the Client shall be deemed to have accepted the stand allocated to it.

Under no circumstances shall the Organiser be held liable for any consequences arising (disturbances, commercial damages among other things) from the location of a stand allocated to a Client.

12 - SUBLETTING/SHARED EXHIBITING

The Client may not provide advertising services on any media for a company that is not itself a Client. Furthermore, the Client is prohibited from assigning or subletting any stand or part of any stand area that it has been allocated without prior written agreement from the Organiser stating its partners (co-exhibitors, corporation represented...). If the Organiser agrees to the latter, the Client must pay individual registration fees for each of the companies being on its stand. The Client will ensure that any sub-lessee on its stand complies with the Contractual Documents. The Client is liable notably for any breach of the Contractual Documents committed by any sub-lessee on its stand. Moreover, the Client hereby holds harmless the Organiser against any dispute, claim, charge, judgement and/or miscellaneous disbursements that may arise as a consequence of any company present on its stand in relation to their participation in the Event.

13 - STANDS

Information regarding the installation, equipment and removal of stands will be available in the Exhibitor's Guide.

a) Stand use - compliance with applicable laws and regulations

Clients are required to be familiar with and comply with all applicable regulations in force at the time of the Event, whether issued by public authorities or by the Organiser, in particular the no-smoking rules that apply to the public areas, the Fire Safety Regulations and the Health and Safety Regulations.

The Fire Safety Regulations and the Health and Safety Regulations will be communicated to Clients in the Exhibitor's Guide.

The Organiser prohibits the operation of any stand that does not comply with these regulations.

The Client agrees to comply with all laws and regulations that apply to its business and/or the services and businesses that it wishes to develop within the scope of its participation in the Event. To this end, the Client will lodge all mandatory declarations and obtain the necessary approval and/or accreditation (including for selling and giving away drinks to be consumed on site) so that under no circumstances shall the Organiser have cause to be concerned.

Lastly, the Client will not cause any discomfort (noise, odour, etc.) to neighbouring Clients or negatively impact the Event's organisation.

b) Exclusive services of the stand

To optimise the safety of people and property during the Event, Clients wishing to order caretaking, cleaning and handling services ratify the preselection and negotiation carried out by the Organiser by authorising it to enter into the service provision agreement(s) in its name and on its behalf. It acknowledges having read the essential conditions of these agreements at the time of registering, and having been informed of the need to refer to the Exhibitor's Guide.

The Organiser's mandate shall end upon conclusion of the service provision agreement (cleaning, handling and/or caretaking).

Performance of the contract and its follow-ups shall therefore be exclusively managed by the Client and the service provider, to which it must directly pay the price of the service without the Organiser being its agent. Any complaint must therefore be sent to

and dealt with directly by the Service Provider. The Organiser shall remain third party to this contractual relationship.

In any event, pursuant to this mandate, only the Client shall be bound to the service provider in question. The Client may not seek the liability of the Organiser under any circumstances, save for the missions conferred as strictly defined previously

c) Damage

Unless stated otherwise, the stand area, the stand itself and any equipment made available to the Client by the Organiser shall be deemed to be in good condition.

The leased stand must be returned to the Organiser in a clean condition and cleared of any rubbish. The stand and any equipment provided as stand fittings must be returned to the Organiser in good condition. Any damage caused to the occupied space, the stand, the supplied equipment or the existing infrastructure recorded upon return of the stand will be invoiced to the Client.

d) Stand occupation

The Clients will occupy the whole of their stands no later than the day before the Event opens to the public.

The stand must be continually occupied by the Client during opening hours of the Event to the public.

e) Pass readers on stands and conference areas

The pass readers which may be purchased by the Client give the visitors the possibility to identify themselves on the Client's stand and/or conference area, so the Organiser may provide to the Client the following personal data of the visitors at least: name, surname, company, phone number, email address. This identification process depends on the visitors consent to have their personal data transmitted to the Client. For that reason, the Organiser does not guarantee the Client to provide him with a determined amount of data.

The Client is required to comply with the regulations applicable to the protection of personal data and the sales prospect. Under no circumstances should the Organiser be liable for the Client's use of the transmitted personal data for which it is solely responsible. Finally, the Client is informed that the data collected by the pass readers will be used by the Organiser for statistical purposes, stand traffic analyses and interaction with the public.

14 - PERMITTED PRODUCTS, BRANDS AND SERVICES

The Client is prohibited from exhibiting at its stand any products, brands and services other than those listed on its application form. Moreover, the Client hereby declares and warrants that it holds all intellectual property rights relating to the products and/or services exhibited, or that it has been authorised by the rights' holder to exhibit the products, brands or services at its stand.

The Client hereby warrants that the products and/or services it is exhibiting comply with all current applicable safety standards and accepts full liability for any defects in the aforementioned products and services; as such the Organiser cannot be held liable in this respect.

15 - VISIBILITY

The Client shall be solely liable for the contents of all information supplied by it and intended to be broadcasted by the Organiser on the Event's website, and in particular for information about itself and its products and/or services and their characteristics, performance, prices, etc.

The Client hereby warrants that the aforementioned information is lawful and in particular that it complies with all current regulations relating to the name, offer, presentation, user manual, and description of the scope and terms of the warranty covering the goods, products or services that it is presenting online and, more generally, that this information complies with all current advertising and consumer protection laws.

The Client has sole liability for the publication of all texts, logos, illustrations, photographs, images, products and brands and the Client alone must hold the relevant reproduction rights.

The Client holds harmless the Organiser against any amicable dispute and judicial proceedings brought by a third party.

16 - ILLICIT TICKET TOUTING

The act of offering for sale or showing with the intention to sell or transfer or supplying with the intention to sell or transfer any Event access passes (entry passes, invitations, tickets etc.) in a public or private place or on the Internet, without the authorisation of the Organiser, is a criminal offence punishable by questioning and arrest by the police and a fine of €15,000. The fine is increased to €30,000 for repeat offenders provided in article 313-6-2 of the Penal Code.

17 - INVITATION CARDS

The copying or re-sale of invitation cards is strictly prohibited and shall be subject to prosecution and other sanctions provided in article 313-6-2 of the Penal Code.

If the fraudulent use of an invitation card (re-sale, copying, theft, etc.) is brought to its attention, the Organiser reserves the right to withdraw the invitation.

18 - DEMONSTRATIONS AND OTHER EVENTS

a) Demonstrations

Demonstrations may only be held at the Event for those products that require a specific technical explanation. Furthermore, such demonstrations may only take place if the Organiser has given a special prior written authorisation. Demonstrations on a podium raised above the initially planned floor height are strictly prohibited. Demonstrations carried out using a microphone, or which harangue or solicit in any manner, are strictly prohibited. Any full or partial closure of a Client's stand during normal opening hours to the public and, in particular, during any demonstration, is strictly prohibited without express prior written authorisation from the Organiser.

b) Other events

All attractions, shows and events taking place within a Client's stand area must be authorised in advance by the Organiser. To this end, the Client shall provide specific details of the planned event (equipment and audio devices used, type of event, etc.).

In any event, the loud speakers used may not exceed 30 decibels (dB) and they must face the interior of the stand and be angled towards the floor. The sound level shall not exceed 85 decibels (dB).

c) Under no circumstances shall any demonstration or event interfere with the neighbouring Client(s) or the general movement around the Event and, more generally, with the proper running of the Event. Failing this, approval may be revoked without warning.

19 - ADVERTISING

All advertising using sound or lighting must comply with the Event's decoration regulations and shall be subject to the prior written agreement of the Organiser. Any such agreement shall be conditional upon the advertising not interfering with any neighbouring Client(s) or the general movement around the Event and, more generally, with the proper running of the Event. Failing this, approval may be revoked without further warning.

Distribution of brochures, vouchers and other printed matter intended to redirect Event visitors to the Client's stand is strictly prohibited in the aisles and throughout the Site. Only brochures, vouchers and other printed material offered within the Client's stand are authorised.

Any documentation given to any visitor to a stand, such as a business card or order form, must bear the stand name or company name of the Client as it appears on the application form.

20 - BUSINESS PRACTICES / ABSENCE OF A RIGHT TO WITHDRAWAL / UNFAIR COMPETITION

The French Consumer Code expressly prohibits sales at a premium (Article L121-19 of the Consumer Code), sales at loss (Article L442-2 of the Commercial Code), pyramid selling (Article L121-15 of the Consumer Code), tying sales (Article L121-11 of the Consumer Code) and false sales.

Any auctions must be in compliance with current legislation.

The Client will explain to consumers that any purchases made at the Event, other than those subject to a consumer credit agreement (Article L224-62 of the Consumer Code) and those arising from a personal invitation to come to the stand to receive a gift, do not enjoy the right to cancel the purchase. As a result, in the contract proposals made at the Event, the Client will mention the absence of a cancellation period in clear, legible terms contained in box set apart (Article L224-59 of the Consumer Code).

The Client is hereby expressly prohibited, for the entire period of the Event, from engaging in acts of unfair competition such as conducting surveys and distributing advertising items outside its stand area, where such surveys or distribution give rise to the diversion of visitors to the Event in favour of the Client.

The Client is obliged to ensure that any agreements it enters into with visitors to the Event are executed in good faith.

GENERAL TERMS AND CONDITIONS OF PARTICIPATION

In accordance with articles L612-1 and following of the Consumer Code, the Client additionally commits to offer to the consumers a mediator in order to solve amicably any dispute arising between them.

21 - COUNTERFEIT ITEMS

The Client will personally ensure the protection of all intellectual/industrial property rights related to the materials, products, services and brands exhibited in accordance with any applicable current legislation and regulatory provisions, and the Organiser shall not be held liable for any failure to comply, particularly in the event of a dispute with another Client or a visitor to the Event. In the event that a competent court finds that the Client has breached the provisions of the present clause, the Organiser reserves the right to oblige the Client to comply with any stipulations made in the court's findings.

24 - PHOTOS/BRANDS

The Client, for no charge, expressly authorises the Organiser and the Comexposium Group to:

- use any such images freely on all media and in particular for the purposes of advertising (including on the internet) in France and worldwide for a period of five (5) years beginning from the date of its application form,
- cite and reproduce, for no charge, its trade mark and company name as a commercial reference for the purposes of communication on any media (including the internet) in France and worldwide for a period of five (5) years beginning from the date of its application form.

Any Client who does not wish for all or part of their stand or any elements thereon (logo, trade mark, model) or any members of their team to appear in photographs or films and/or on the Internet by way of advertising material promoting the Event, must advise the Organiser of this in writing before the beginning of the Event.

Furthermore, any Client wishing to take photographs of the Event must inform the Organiser in writing beforehand. Given this, the Client will personally ensure it possesses all necessary authorisations to take photographs at the Event and is exclusively responsible for complying with any image rights enjoyed by Clients, public or any other participant to the Event.

25 - CATALOGUE

Only the Organiser is authorised to publish, have re-published and distribute the Event catalogue. All information required by the catalogue publishing team will be supplied by the Clients, who remain responsible for it. All information about the details of the Client's participation in the Event can be viewed in the Exhibitors' Space, accessible from the Event's website.

27 - CANCELLATION OR POSTPONEMENT OF THE EVENT DUE TO A FORCE MAJEURE EVENT

In the event of force majeure, preventing the holding of the Event under the initial terms, the Organiser will have the authority to cancel, modify the date, the duration of the Event and/or the Site, decide its extension or its early closure or adapt the Event to the circumstances without the Clients being entitled to claim any compensation whatsoever.

For the purposes of these Terms and Conditions, will be considered as force majeure («Force Majeure») the following events:

- Any event qualifying as force majeure within the meaning of article 1218 of the French Civil Code, and

In the event of Force Majeure, the Organiser will immediately notify the Clients.

In the event of a cancellation of the Event due to a Force Majeure event, the amounts received by the Organiser will be refunded to the Clients, after deduction of a proportion of the costs and expenses incurred by the Organiser for the holding of the Event (in particular, those relating to administrative costs, organisation, promotion and the conduct of the Event).

The amount refunded to each Client is calculated in proportion to the price paid by each Client for its participation in the Event. In the event of postponement of the Event to a later date and/or to a different site, in the event of a change in the duration and/or opening and closing procedures of the Event or in the event of adaptation of the Event due to Force Majeure, the amount of the deposit or participation fee paid by the Client will be retained by the Organiser for its participation in the postponed Event, and the Client remains liable to pay the full amount due for its participation in the postponed Event in accordance with the terms of payment as amended mutatis mutandis. These modifications shall not substantially alter the format of the Event and shall be notified to the Client with reasonable notice. In the event of cancellation of the Event under the conditions of this article, the amounts received by the Organiser will be refunded to the Clients, without the Clients being entitled to claim any compensation whatsoever.

In the event of a modification of the Event or the conditions of organisation as provided for in this article, the amount of the deposit or the participation fees paid by the Client will be retained by the Organiser for the participation of the Client in the Event as modified and the Client remains liable to pay the full amount due for its participation in the Event in accordance with the terms

of payment as amended mutatis mutandis. Clients are neither allowed to demand a partial or total refund of the amount of the participation fee nor to claim any compensation whatsoever.

The Client releases the Organiser from any liability the latter may incur as a result of the insert produced or distributed at its request.

The Client shall compensate it for any damages it may suffer and guarantees it against any third-party proceedings against it in relation to the insert.

The Client explicitly authorises the Organiser and/or any third party appointed by the Organiser, at no cost, to freely use the logos, photos, illustrations, and more generally all works and content used to produce an advertising insertion, both in France and overseas and without any time restriction, for the purposes of promoting the Event, and/or the Comexposium Group and/or its communication tools.

It is also emphasised that it is not currently technically possible to satisfactorily protect against any form of reproduction, reuse, redistribution, or illicit marketing of all or part of a website. The Client therefore declares that it is aware that any content used on the internet is at risk of being copied and used fraudulently by any user connected to the internet. The Organiser may not therefore be held liable for any counterfeiting or damages suffered directly or indirectly by the Client as a result of this fact.

The Organiser reserves the right to interrupt the service for work to maintain and/or improve its networks. These service interruptions may not give rise to any compensation to the Client.

11 - DISPUTES

Any dispute which has not reached an amicable conclusion shall be settled according to French law, by the courts of Nanterre. Only the text in French shall be deemed authentic.

SPECIFIC REGULATION

These specific regulations apply to exhibitors requesting admission to the Salon International de l'Agriculture (International Agriculture show, hereinafter the «show»), organized by the company COMEXPOSIUM (simplified joint-stock company with a share capital of €60,000,000, having its head office at 70 avenue du Général de Gaulle - 92058 Paris La Défense Cedex, registered in the Nanterre trade and companies register under no. 316 780 519, hereinafter the «Organizer») at the Porte de Versailles exhibition centre.

A - PROVISIONS APPLICABLE TO ALL EXHIBITORS

1) Provisions concerning the occupation of stands

Assembly/public opening/dismantling

Exhibitors are expressly reminded that they have undertaken to occupy their stands no later than the day before the opening of the Show to the public, until the time it closes to the public on the last day (see Articles 06.06 and 08.02 of the General Regulations for Commercial Events). Exhibitors must thus be present continuously at their stands from the Show's opening and closure to the public, i.e. 9 a.m. to 7 p.m., throughout the event.

Any total or partial abandonment of the stand, removal of decorative elements and/or partial dismantling for a period of one hour may entail the application of a financial penalty equal to 5% of the amount excluding tax for the total area of the stand per day when a situation of this kind is noted by the Organizer. In addition, any exhibitors wishing to access to their stands outside the access times for exhibitors must request this in writing from the Organizer, explaining their reasons, and obtain its prior consent. As soon as the Organizer asks, they must provide a list of people needing to access the stand outside public opening times.

Exhibitor and visitor during opening times

Exhibitor hours: 7:00 a.m. - 8:00 p.m.

These hours only concern staff and members of the exhibiting entity responsible for running the stand. In order to be able to access the Exhibition grounds during these times, these people must hold a nominative exhibitor badge. Random documentary checks (reconciliation of identity document and badge) can be carried out at dedicated entrance doors.

The presence of staff and members of the exhibiting entity in the hall is authorized between 7:00 p.m. and 8:00 p.m. in order to carry out closing and storage or even preparation for the next day. A tolerance is granted to exhibitors wishing to gather within the strict limits of the stand. These gatherings must not be large and must not hinder the sweeping of the halls mentioned below. By 8:00 p.m., all exhibitors must have left the hall.

Visitor hours: 9:00 a.m. - 7:00 p.m.

As the Show is open to the public until 7:00 p.m., the exhibitor undertakes to close its stand to all visitors at 7:00 p.m., at which time the Organizer invites visitors to exit.

This consumption must be designed as a sales tool and must not in any case be considered the main activity of the stand. The manufacturer's product is the only item that may be consumed, without any preparation carried out on site with the exception of cooking or assembly;
- Any promotion and/or sale of artisanal products is accepted to a limit of 10% of the area of the stand.

The Organizer also reserves the right to prohibit, before or during the show, the presentation of any product that does not reflect the qualitative spirit and selection requirements of the show.

3) Stand presentation - Sales methods - Prohibitions

a) Dining area - Bar (seated or standing)

The following requirements apply to the presentation and general appearance of the dining area:

- Proper appearance of the serving staff. In this respect, it is recommended that staff wear traditional regional costumes, that tables have tablecloths (except for bistro-type marble tables with table sets), and that glasses in glass and cutlery in metal, not plastic, are used, except for food consumed standing up;
- Provision of napkins;
- Plated service;
- The installation of a kitchen closed off from the rest of the stand under the conditions defined in Article 4 below, large enough to contain waste bins, an oven and other equipment as well as storage space for bottles and food prepared before the start of the service;
- Dishes and utensils are to be washed in the kitchen;
- Stand decor that respectfully represents the producing country's cultural heritage;
- Reception of customers according to the traditional standards of the profession. In this respect, participants are reminded that any forced sales or canvassing in the aisles or outside the dining area and any methods used for capturing customers by means of products not officially classified (balloons and so on) are strictly forbidden.

The following are prohibited:

- Consumer fast food that has no typicity, such as waffles, pancakes, fruit pies, hot dogs, croque-monsieur in any form, sandwiches in any form;

b) Agri-foods stand

Presentation of Agri-foods stands Fees - Sales techniques - Prohibitions

Takeaway sales are authorized within the show subject to the following conditions:

- The list of products available for sale and the corresponding prices are to be submitted to the Organizer by 13th January 2025 at latest.
- In keeping with the legislation in force, all of the prices and unit quantities must be displayed in a clear and legible manner;

The exhibitor must also respect certain presentation rules:

- Proper appearance of the sales staff. Traditional clothing is recommended for staff;
- Daily maintenance of the stand;
- Stand decor respectfully representing the cultural heritage of the producing region or country (one country per stand);
- Provide customers with top quality service. In this respect, participants are reminded that any forced sales or canvassing in the aisles or outside the dining area and any methods used for capturing customers by means of products not officially classified (balloons and so on) are strictly forbidden.

The following are prohibited:

c) Sale of gemstones and pearls

Regarding the labeling of jewelry offered for sale, exhibitors agree to comply strictly with the provisions of the Decree of 14 January 2002 on the trade in gemstones and pearls.

Thus, if the products featured at the Show meet the definition of «cultured pearls» within the meaning of the Decree, they cannot be sold under another name, a requirement to which the exhibitors agree.

Likewise, exhibitors are reminded that the code of the CIBJO (International confederation of jewelry, silverware, diamonds, pearls and stones) indicates that: "terms such as "fine", "genuine", or "authentic" must not be used to designate cultured pearls."

4) Hygiene

a) Food services area

French regulations concerning fire safety in public buildings require the use of "GC" kitchens (Grandes Cuisines) in exhibition halls. The term "Grandes Cuisines" applies to premises with cooking or reheating facilities with a capacity greater than 20 kW. Fire protection insulation and smoke and moisture extraction systems on the outside must be provided for these facilities.

Exhibitors with heating equipment with a capacity greater than 20 kilowatts must equip themselves with a mobile kitchen. For exhibitors with heating equipment of over 20 KW, subject to an attestation from the caterer and provided that no additional devices are added after the Safety Committee's inspection, evacuation using a surrounding extractor hood with filtering and deodorizing ventilation (using three filters) in compliance with Art. 5 below is acceptable. In calculating power, devices such as microwaves, electric ovens for reheating food, coffee machines and other hot drinks machines are not to be taken into account. Failure to follow the safety instructions may result, during the passage of the Safety Commission, in prohibiting the stand from opening to the public.

b) Agri-foods stand

In this agri-foods sales area, exhibitors must undertake to comply with legislation in terms of the safety of food provided directly to the consumer, and in particular the Order of 9 May

1995 (Journal Officiel of 16 May 1995), the text of which is available in the EXHIBITORS GUIDE

(Article 5: "Health safety" extract from Art. 23 of the Order). The exhibitor must:

- Regularly clean equipment used to cut products;
- Store products in a refrigerator. Products prepared for consumption but not sold may not be offered for sale the following day;
- Systematically wrap products or, at least, provide a napkin;
- Have one sink per stand for solid and liquid products (except for pre-packaged products);
- Any stand at which liquid products are consumed must be equipped with running water;
- Install the protective devices required by the Veterinary Services department: protective glass in front, above and to the sides of the space.
- Wear food-grade gloves.

5) Extraction of cooking smoke and airborne grease

Any exhibitor who offers hot products for consumption must comply with the following points:

a) Evacuation of airborne grease

Each cooking point must be equipped with an extractor hood to remove smoke and odors, in compliance with the specifications below: All steam and smoke generated by cooking activities must be evacuated through a surrounding extractor hood with a sufficiently powerful fan, then filtered and deodorized through three successive filters:

- First: wire gauze;
- Second: media filter or electrostatic finisher
- Third: deodorizing active carbon.

The filtration section shall measure about 0.5 sq. m per sq. m of cooking area. The extraction rate shall be about 4,000 cum per hour per sq. m of cooking area. The hood shall be closed on three sides, with a 0.80-m drop above the cooking surface.

b) Cooking

LCooking may only be carried out using electricity or eventually butane gas (one bottle per 20 m²).

c) Evacuation of grease

In compliance with Departmental Health Regulation instructions, grease-laden water must be poured into grease separators (settling basins) before being discharged into the wastewater network. Please note: a siphon does not constitute a filtration and degreasing system.

6) Indirect contributions

Free or paid consumption and the sale of take-away samples of wine, alcohol and spirits must comply with the instructions set forth by the Paris Expo local tax department ("Recette locale des Douanes"). The taxation on the tasting and sale of beverages is included in the EXHIBITORS GUIDE that is sent to all participants after the stands are allocated.

7) Inspections

The application of these regulations may be verified on any day and at any time during the show by a third-party inspector appointed by the Organizer. In this regard, each exhibitor must provide proof of proper application of the specific regulations in his or her area of exhibition. He or she may in no case refuse this inspection. Similarly, he or she may not deny the inspector access to the stand's kitchen.

Failure to comply with the aforesaid rules in these regulations will entail the immediate cessation of all activities, without prejudice to any subsequent penalties stipulated in the General Conditions of Participation, and indicated in point 8 below.

8) Penalties

If the Organizer discovers breaches of the provisions in these regulations, the exhibitor will inform the exhibitor in writing that these breaches must cease.

If, two hours after receiving this written notice, the exhibitor has not taken the necessary action to ensure compliance with the specific regulations, the Organizer may immediately close the stand in the presence of a bailiff and prohibit the exhibitor from re-entering it, and the exhibitor will be ineligible to claim any financial or material damages from the Organizer.

The contract may then be terminated as of right in favour of the Organizer without prejudice to any damages that could be claimed of the exhibitor. The Exhibitor shall be liable for any costs arising from the Organizer's intervention (bailiff's fees and/or fees relating to the stand closure). It also follows from the above that the Organizer has the right to refuse the exhibitor admission to all shows organized by the Organizer and its subsidiaries for a period of three years.

The following terms have the meanings hereunder:

- Event: the event for which the Client registers, as presented in the Special Terms and Conditions.
- Organiser: the company organising the Event, as presented in the Special Terms and Conditions.
- Site: the exhibition hall or the place hosting the Event, as presented in the Special Terms and Conditions.

It should be noted that the Organiser is not responsible for:

- Property damage caused to the movable and immovable assets of the Site manager and/or Site owner in the event of the following: fire, lightning, explosion, water damage, attacks and natural disasters.

- Damage caused to property owned by the Client or placed in its care.

However, the Organiser recommends that Clients take advantage of the insurance policies taken out by Comexposium ASSURANCES on their behalf with AXA France and AXA Entreprises.

Subject to Clients taking out these policies by accepting the insurance package offered on the Application Form, these insurance policies cover:

- Damage to the Client's property (loss, theft, destruction) and stand equipment, under the conditions and within the limits of the insurance policy
- Tenant risks as stated in these regulations

The insurance policies proposed have been taken out by Comexposium Assurances on behalf of its Clients and are appropriate solutions based on the situation, the needs expressed and the financial terms and conditions of the policy (deductible, insurance benefit and premium).

It is indicated that the insurance taken out by the Client does not cover the third-party liability of the latter. In this regard, the Client acknowledges having taken out all the insurance policies necessary with an insurance company covering its third-party liability and that of any person involved directly or indirectly in the exercising of its activities and/or those of its company, for any physical injuries, material or intangible damage caused to a third party during his attendance and/or that of its company at the Event (including during the set-up and dismantling periods).

1 - TENANT RISK INSURANCE

Insurer: AXA ENTREPRISES, T5 - 313 Terrasse de l'Arche, 92727 Nanterre, France.

Policy no. 63,761,910.04

A) TENANT RISK POLICY COVER

1) Object and scope of cover

The liability cover stipulated in this policy applies by virtue of not only the French Civil Code but more generally all laws, acts and regulations in force on the date of the claim.

This policy covers:

- **Tenant risk and extra «immovable asset» tenant risk:** This involves the tenant's or occupant's liability as regards the owner for physical damage affecting movable and immovable assets that have been temporarily or permanently leased, entrusted or made available, and can extend to involve liability for the entire building of which the tenant occupies a part.

- **Neighbour and third-party claims:** This involves material and immaterial damage claims from neighbours and third parties (Articles 1240, 1241 and 1242 of the French Civil Code). For the events listed in the paragraph below.

a. Covered events and specific exclusions

- Fire

Combustion, conflagration and blazes and damage due to the resulting heat, gas and smoke, including damage caused by emergency services and rescue measures taken as a result of a covered loss occurring in the insured party's property or that of another person.

- Direct lightning strike

Including damage caused to the insured property by falling chimneys, antennae, trees, outdoor aerial installations and any other construction struck by lightning.

- Explosion - Implosion

Including water jets from steam appliances.

- Damage caused by water, ice and other liquids

Accidental water or other liquid leaks, including from:

- Pipes, including buried pipes.
- All tanks and appliances, both fixed and mobile, that use water or any other liquid, vapour or heating.
- The rupture or blockage of stormwater drains, sewers and runoff channels or pipes.
- Infiltration through side walls, windows, roofs, terraces, balconies, glazed canopies, skydomes and pyrodomes, including damage caused by ice in tanks, appliances and above-ground pipes located in buildings.

However, ice damage is only covered when:

- it is an abnormally intense event resulting in damage to several water distribution systems inside buildings heated under normal conditions for the region, and the systems were designed and installed in line with industry standards in the local area or region in which the loss occurred

OR

- Despite being of a normal intensity, it occurs simultaneously with a sudden, unforeseen event that leads it to cause damage.

The following are excluded from cover:

- Damage due to condensation or humidity, unless this condensation or humidity is the direct result of a covered loss.
- Damage caused to the appliances that caused the loss as well as the repair, shifting or replacement of pipes, taps and appliances.

However, above-ground tanks, appliances and pipes are covered in the event of ice.

- Repair of roofs, terraces, balconies and glazed canopies.
- Damage caused following a lightning strike, subsidence or landslide.
- The cost of the water or other liquid lost.

- Riots, popular uprisings, vandalism, acts of terrorism, sabotage and attacks:

All damage caused to insured property by acts of vandalism, riots, popular uprisings, acts of terrorism, sabotage and attacks, whether these acts are individual or collective.

- Natural disasters:

This cover applies under the conditions stipulated in Act no. 82-600 of 13/07/1982

- Object of the cover

The insurer covers the insured party for financial compensation for direct property damage to all of the assets covered by the policy caused by the abnormal intensity of a natural agent. If «Business interruption» cover has been taken out, the insurer covers the insured party for a compensation amount that corresponds to the gross margin loss and resulting extra operating costs during the cover period stipulated in the policy, the interruption period or the reduced business period of the company caused by the abnormal intensity of a natural agent affecting that company's property.

- Payment of sums covered

The sums covered can only be paid after an interministerial decree has been published in the Official Journal of the French Republic stating that a natural disaster has occurred.

- Scope of the cover

The policy covers the cost of direct property damage suffered by assets up to their value indicated in the policy and within the limits and conditions stipulated in the policy the first time the loss occurs. If business interruption is included in the policy, and with no special reduction possible for the total sum of the risk elements used to determine the premiums, the policy covers the financial consequences of an interruption or reduction in the company's activity within the limits and conditions stipulated in the policy for the primary risk, as at the first time the loss occurs.

- Deductibles

Notwithstanding any provisions to the contrary, the insured party remains liable for part of the compensation payable after

a loss. With assets used for habitation, land-based motor vehicles and other assets used for non-professional purposes, the deductible is set at the non-indexed sum of €381, except for damage due to land movement following soil dehydration and/or rehydration, for which the deductible is set at €1,524. With assets used for professional purposes, the deductible is equal to 10% of the sum of non-insurable direct property damage suffered by the insured party, per establishment and per event, with the minimum being €1,143 except for damage due to land movement following sudden soil dehydration and/or rehydration, for which the deductible is set at €3,049. However, if the deductible stipulated in the policy is higher than this sum, it will be applied. With business interruption cover, the deductible corresponds to an interruption or reduction in the company's activity of three (3) business days, with a minimum non-indexed amount of €1,143. However, if the deductible stipulated in the policy is higher than this sum, it will be applied. The insured party may not contract insurance for the portion of the risk consisting of the deductible. In a municipality without a predictable natural risk prevention plan for the risk named in the decree that declares a state of Natural Disaster, the deductible will be adjusted according to the number of decrees made for the same risk on or after 2 February 1995, according to the following terms:

- first and second decree: deductible applied
- third decree: applicable deductible doubled
- fourth decree: applicable deductible tripled
- fifth and subsequent decrees: applicable deductible quadrupled

- Insured party's obligations

The insured party must declare to the insurer or its local representative any damage that may activate the cover as soon as the former becomes aware of it and, at the latest, within ten (10) days of the interministerial decree being published which announces a state of natural disaster (extended to thirty (30) days for business interruption cover). When the insured party has contracted several policies that provide compensation for direct property damage resulting from the abnormal intensity of a natural agent (or that activate business interruption cover), in the event of loss and within the timeframes mentioned in the previous paragraph, the insured party must declare the loss to the insurer of its choice.

- Insurer's obligations

The insurer must pay the compensation due under the policy within three (3) months of the insured party providing the estimate report for damaged property (or losses suffered) or the date of publication of the interministerial decree declaring a state of natural disaster if this occurs afterwards. Failing this, and unless there have been unforeseeable circumstances or a force majeure event, the compensation payable by the insurer will incur interest at the legal tax rate once this period has expired.

b. Exclusions

When defining the scope of cover, the insurer uses the exclusions clause to define certain events, certain types of damage or more generally certain risks as excluded from this cover.

Consequently, any event, property or damage excluded by the insurer through an exclusion clause will not be covered by the insurer should any damage occur.

1. The following damage and losses are categorically excluded:

- Those resulting from the intentional or harmful act of corporate officers of the insured party, whether acting alone or in collusion with third parties.
- Those that harm the physical well-being of people (bodily injury).
- Those that result from the embargo, nationalisation, sequestration or seizure, destruction or confiscation by order of civil or military authorities, except for destructive acts ordered with the aim of stopping the spread of damage or acts of destruction ordered following a loss.
- Those resulting from flooding, avalanches, earthquakes, volcanic eruptions and other disasters, if an interministerial decree authorises their legal coverage as natural disasters (failing this, the event may still be covered by this policy under «Water damage» for flooding and, if the insured party has subscribed to it, under 1.9 «All risks [subject to named exclusions]» for other events).
- Those resulting from loss of trading.
- Those resulting from the insured party's duties as stipulated in Act no. 58 208 of 27 February 1958 for motor vehicles (mandatory vehicle insurance).
- Those resulting from the insured party's responsibilities other than the tenant risk and extra «immovable asset» tenant risk, and the neighbour and third-party claims.

The following are still covered for the various events listed above:

- Accidental, non-excluded damage and its consequences arising from these phenomena.
- Damage and consequences caused by these phenomena when the latter result from a covered accidental event.
- Solely damage to buildings arising in France during the 10-year guarantee period which is covered by construction damage insurance stipulated in Act 7812 of 4 January 1978 and subsequent texts.

2. Excluded items:

Furthermore, the following are not covered by this policy (except in regard to claims by tenants, occupants, neighbours and third parties):

- Bodies of water, plots of land, basements (except cellars, car parks and gallery and building basements), channels and pipes, crops and outdoor vegetation.
 - Tunnels, roads and bridges used by public vehicle traffic.
 - Weirs, dykes and mines.
 - Damage to wharves, docks and jetties unless they form an integral part of a building.
 - Aircraft, spacecraft, seacraft, land-based motor vehicles and their trailers while travelling outside the insured sites or their immediate surroundings (except in the event of fire or explosion and except for heavy construction, lifting and equipment handling vehicles).
 - Movable and immovable assets held by the insured party, for which it is not responsible for insuring on behalf of another party and for which it has received a claims waiver from the owner(s) and their insurers. It is, however, agreed that this policy's cover will be activated to cover direct claims from the owners of these assets if their own policy proves to be inadequate at the time of the loss, if a premium - reduced due to this particularity - has been paid in this respect.
 - NB: These assets and liabilities are only excluded for events covered by separate policies taken out by the owners or by claim waivers as discussed above when those waivers operate.
 - Valuable objects, unless they are used for the insured party's professional activities.
 - The contents of cold stores and refrigeration units, when the damage results from a fault in the merchandise itself or when there is an electricity outage ordered by government authorities.
 - Animals. However, the insured party will be covered when the aforementioned goods are stocked, presented or sold on insured premises or their surroundings.
 - Products and merchandise made by the insured party itself and whose characteristics make them unsuitable for use or sale, unless the faults are the result of non-excluded equipment damage.
 - Merchandise sold by the insured party without retention of title and received by the purchaser or a duly authorised third party, after the effective transfer of risk to that purchaser.
 - Assets in the process of being built, demolished, assembled or tested, except in the event of fire, explosion, lightning, water damage, storm, an aircraft crash, vehicle impact, acts of vandalism, terrorism, sabotage and attack.
- Although these events could potentially occur, they do not appear to be of such a nature that they would deprive the Client of the cover proposed in a large number of circumstances in connection with the Event.

2) Cover and deductibles

Clients are covered by the insurance taken out by COMEXPOSIUM ASSURANCES with AXA ENTREPRISE for Tenant Risk and Neighbour and Third-Party Claim cover that may be activated following the events below: Fire, lightning, explosions, water damage, attacks and natural disasters, for the following maximum amounts:

- Tenant Risks: €3,000,000 per loss
 - Neighbour and third-party claims: €1,500,000 per loss
- This cover carries a deductible of €5,000 per loss.

B) COMMENCEMENT OF COVER OF THE TENANT RISK INSURANCE POLICY TERMS

The cover is in place during the entire Event duration: from the first day of the set-up period until the last day of the dismantling period.

TENANT RISK/PROPERTY DAMAGE INSURANCE POLICY

2 - PROPERTY DAMAGE POLICY

Insurer: AXA ENTREPRISES T5 – 313 Terrasse de l'Arche, 92727 Nanterre, France
 Police n° 4.929.910.204

A) COVER

1) Purpose and scope of the cover

a) Events insured

The insurance covers any material damage, losses and damage caused to the goods exhibited, including the fittings of the stands pursuant to any non-excluded event. It is specified that acts of terrorism and attacks and natural disasters are only covered in France.

b/ Goods insured

The insurance covers the goods of the Clients and the co-exhibitors, and the fittings of the stands.

2) Exclusions of cover

The exclusion of cover clause is the clause whereby the insurer, when it defines the purpose of its cover, expresses its intention to exclude from said cover certain events, certain types of damage and, more generally, certain risks. The insurer shall therefore not be liable for any event, property or damage excluded by it through the exclusion clauses in case of damage.

a) Events excluded

Damage, losses and deterioration suffered by the goods insured are excluded from the cover that result:

- from foreign war or civil war,
- from the direct or indirect effects of an explosion, discharge of heat or radiation resulting from the transmutation of atoms or radioactivity as well as the losses due to the effects of radiation provoked by the artificial acceleration of particles,
- from confiscation, sequestration, seizure or destruction by order of any government or public authority, as well as the consequences of any infringements,
- of flooding or overflowing of stretches of natural or artificial water, rain water, floods, tidal wave, moving blocks of snow or ice or other natural disasters (except those covered under the Law on natural disasters no 82-600 of 13.07.82, cf. Article 2 above),
- of a specific defect, wear and tear, age, slow deterioration, moths, parasites and rodents of any kind,
- of the insufficiency or unsuitability of the packing or packaging,
- of simple thefts or misappropriations committed by the employees of the insured party or of the beneficiary as well as of the intentional or fraudulent fault of the insured party or of the beneficiary, who have the strict obligation to act in all circumstances as if they were not insured,
- of the influence of atmospheric agents for object exposed to the air,
- of epizootic as regards animals,
- of the fading of flowers, trees and floral decorations as well as of any plants.
- of any losses or disappearances on the stands where free distributions or tastings are made of any goods or beverages whatsoever,
- of any sanitary or disinfection measures or cleaning, repair or renovation operations,
- of the defective assembly or dismantling of the objects insured,
- of the breaking of fragile objects such as porcelain, glassware, mirrors, marble, pottery, terra cotta, sandstone, ceramics, alabaster, plaster, waxworks, cast iron works, under glass or windows.

If the occurrence of these events cannot be excluded, it appears however that they are not likely to deprive the Client of the protection of the coverage offered in a large number of circumstances during the Event.

Nevertheless, of these events excluded from cover, we draw your attention to acts of petty theft or embezzlement committed by the insured's employees. Thus, such events may under no circumstances activate the insurance cover and shall therefore not be indemnified if they should occur.

b) Goods excluded

We draw your attention to the fact that the following goods are excluded from the cover:

- Works of art,
- Objects of special value. An object of special value means an object whose intrinsic value is not related to the costs incurred to obtain it,
- Furs, skins and carpets,
- Cash and notes,
- Personal effects and objects, jewels, cameras, radios, electronic pocket calculators and all the objects belonging specifically to any person attending the event directly or indirectly,
- Connected telephones,
- Removable software and software packages,
- Plasma or LCD screens (the Client can take out a specific insurance policy to cover this equipment).

c) Damage excluded

The following items are always excluded from the cover granted by the insurer:

- Indirect losses of any kind whatsoever such as loss of profits, damages, duties and other taxes, penalties of any kind and, notably, those relating to a deadline or delay for any reason whatsoever,
- Stains of animals,
- Damage caused to materials, clothes, fur, carpets, tapestries and covering (floors, walls, partitions) by marks, stains, dirty marks and burns of cigars, cigarettes and/or pipes, except those resulting from water damage, fire or theft,
- Scratches, scrapes, rust or any oxidation and/or corrosion,
- Damage to the objects exhibited under stands, when these goods are located outside of the latter,
- Damage, losses and deterioration suffered by the goods insured when this damage is the result of the operating or mechanical or electrical malfunction of the said objects.

3) Amount of the cover

The cover is fixed at €500 per square metre rented with a minimum of €6,000 and a maximum of €300,000.

For the SIAL Event, the cover is fixed at €500 per square meter of rented stand with a minimum of €6,000 and a maximum of €400,000. This amount is the limit of liability, i.e. the maximum amount of the insurer's obligation. Moreover, in case of loss, you may not obtain compensation in excess of the above-mentioned amount in the event that the insurance coverage is activated. In the event of theft, the payment of the compensation shall be made after deduction of a deductible of €300 per loss. The deductible is the sum of money or the portion of the damage for which you will be responsible in the event that a risk occurs. In addition, the insurance benefit shall be paid for losses in amounts greater than the deductible and for the portion in excess of the deductible. For all these reasons, we believe that the AXA ENTREPRISES insurance policy no. 4.929.910.204 is an appropriate solution based on the situation, the needs expressed and the financial terms and conditions of the policy (deductibles, insurance benefits and premium).

4) Additional insurance

If the value of the exhibited items exceeds the insured amount, Clients are advised to take out additional insurance. Moreover, plasma and LCD screens are excluded from coverage. However, the Client has the option of taking out special insurance. The additional insurance enrolment form for damage to property or for plasma or LCD screens is attached to these insurance regulations and is also included in the Exhibitor's Guide, which will be sent to each participant or accessible on the Event's website.

B) PROPERTY DAMAGE INSURANCE CONDITIONS

1) Taking of effect of the cover

The cover applies to the stands provided to the Clients from the day before the opening to visitors (7:00 p.m.) to the last day

of opening to visitors (closing time). However, Plasma/LCD screen additional insurance will be effective from the morning on which the Event is open to the public until the evening of its closure.

2) Specific preventative measures for theft coverage

The cover for Theft without break-in applies when the following preventive measures have been taken:

- During the hours of opening to the public and/or to Clients, as well as during the period of installation and dismantling, the stand must be permanently guarded by the Client or by one of its employees.
- During the hours of closure to the public et/or to Clients, the audiovisual equipment used for advertising purposes (such as video recorders, cameras, video cameras and portable microphones) must be stored in a locked cupboard and/or specific area.

If you fail to do so, you risk being denied coverage by the insurer.

3) Provisions specific to objects of value

Objects in precious metals (gold, silver or platinum), precious stones, pearls, gold or silver plate, time-pieces and any objects of a small size and/or of great value must be locked up:

- During the hours of opening of the Event to the public: in solid showcases equipped with thick glass and locked by safety locks
- During other times (installation – closure – dismantling): in a safe approved by the insurer. If you fail to do so, you risk being denied coverage by the insurer. The risks of theft are only covered in the event of break-in or in the event of violence committed against the guard or guards.

4) Provisions specific to takeaway sales

In the event where takeaway sales are admitted at the Event, the cover shall then apply for goods intended for takeaway sales. The insurance only covers goods in locked storerooms or placed in solid cupboards entirely closed and locked with security locks. The Theft cover is restricted to theft by break-in from the storerooms and/or cupboards.

In the event of partial or total loss, the cover of the insurer is automatically reduced by the amount of the loss. The reimbursement is made solely on the basis of the cost and/or purchase price.

3 - LOSSES UNDER THE TENANT RISK/PROPERTY DAMAGE POLICIES

A) Declaration of loss

The losses must be immediately declared to the Organiser. In addition, losses must be reported within twenty-four (24) hours, regardless of the damage, under pain of forfeiture. Every declaration of a loss must imperatively state the date, the circumstances, the known or suspected causes of the loss and the approximate amount of the damage and must be accompanied by the original complaint filed in the event of theft. This claim form must be sent directly to SIACI SAINT HONORE, as indicated in section VII below. The claim form must indicate the insurance policy number, i.e. AXA Entreprises policies n°4.929.910.204 for property damages and n°63.761.910.04 for tenant risk.

B) Measures to be taken at the time of a loss

You must also take any measures to limit the scale of the damage and ensure the protection of undamaged objects and, when the liability of a third party might be involved, take all the measures required by the laws and regulations in effect to protect any course of action taken by the insurer. If you fail to do so, you risk being denied coverage by the insurer.

C) Assessment of the loss

It is recalled that the insurance cannot produce a profit for the insured party. It only covers the compensation for its material losses in accordance with the compensation principle stipulated by the French insurances Code in Article L121-1.

In the event of a loss covered by the insurance policy, the damage is assessed by mutual agreement.

D) Payment of the benefit

The benefit shall be paid to the owners of the insured property.

If the coverage amount applied for is insufficient, the benefit shall be divided proportionally to the total value of the damaged property of each of the Clients present at the stand.

4 - WAIVER OF RECOURSE
